The Insurer Challenge

Policyholders need choice and convenience when it comes to paying their insurance premiums. And carriers must find ways to securely accept popular payment methods at the touchpoints consumers seek.

The Solution: ACI Speedpay

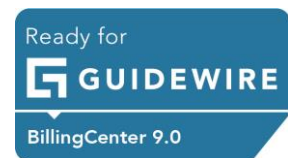

The ACI Speedpay solution enables consumers to pay their premiums directly to BillingCenter using a credit card, debit card, or bank account (ACH) of choice. Our accelerators tokenize account data to ensure PCI compliance as part of our effort to minimize risk. ACI Speedpay integrates seamlessly with your existing Guidewire InsuranceSuite, providing a frictionless electronic payment.

Solution Benefits

- Satisfy policyholders with simple payment options including one-time and recurring
- Raise retention by capturing and storing payment information for easier and simpler recurring payment processing
- Simplify PCI compliance via ACI's industry-leading security
- View and pay bills via smartphone mobile wallet options with the moBills feature of ACI Speedpay

Integration Benefits

- Go live faster with BillingCenter pre-integration
- Plug and play solution enables consumers to pay premiums directly to BillingCenter
- Seamless integration reduces costs by an average of 20%
