

Detector R2 *Ready for Guidewire*

Add-on for Insurance fraud

>Guidewire PartnerConnect Solution Overview

The Insurer Challenge

One major challenge for insurers is to get a clear, integrated view of all relevant data to identify and counteract fraud.

The Solution: Detector R2

Detector R2 by Kube Partners meets that challenge, making it quicker and easier to identify and counteract fraud. What's more, it learns from each new case, honing the results and this leads to improved profitability. Developed with the contribution of experienced claim handlers, Detector R2 is a fast-growing, end-to-end platform that stops frauds and empowers experts to make the right decisions. Detector R2 allows for greater precision, enabling the Insurer to concentrate investigative efforts on the most suspicious and complex claims.

Solution Benefits

- **Scoring accuracy:** Detector R2's sophisticated multi-faceted approach, incorporating AI analytics, minimizes false positives and accelerates the decision-making process.
- **Easy to use platform:** Intuitive, self-explanatory and simple-to-use, Detector R2 provides real-time proof of fraud.
- **Full automation:** Detector R2 claims scoring and investigation workflow ensures cost and productivity monitoring of case management processing.

Integration Benefits

- **Instant scoring** of the claim returned to Guidewire ClaimCenter.
- **Embedded UI** into ClaimCenter, allowing in-depth, content-rich, easily accessible analysis without exiting ClaimCenter.
- **Acceleration of the settlement process** for genuine claims to enhance the customer experience.
- **Compliance support** on anti-fraud regulations.
