The Insurer Challenge

Claims are by far the largest expense for carriers. Upptec Valuation is the remedy to major industry pain-points, by saving time, reducing the settlement variation for claim adjusters and bringing transparency to policyholders.

The Solution:

Upptec is a cloud solution powered with cutting edge technology for the Claim Adjuster with a Self-Service Plug-In for the Policyholder. Business case potential based on customer use case evidence a saving of – 100€ per claim.

Solution Benefits (describe your solution, not integration)

- Save up to 100 EUR per claim
- Reduce claim costs and manual tasks
- Boost customer experience
- Making automated claims easy

Integration Benefits (focus on accelerator/add-on benefits)

- 24/7 Straight-through-process (STP) capabilities
- Identification of the policyholder's content.
- Valuation based on the current market price.
- Calculation of settlement according to policy.

About Upptec

Simplifying Claims Automation – Upptec wants to transform the world’s insurance industry through pioneering tech-innovations by making it simple. Fast and fair doing a digital claim. From the FNOL (first notice of loss) to Settlement we automate. Since 2006 we have reduced costs, increased efficiencies to boost the customer experience while at the same time driven circularity in our sustainable way-of-thinking for our partners and their customers.
