

omni:us Digital Claims Adjuster

> Guidewire PartnerConnect Solution Overview

The Insurer Challenge

To automate claims in near real-time requires a combination of strong claims processes and intelligent claim decision making to have positive impact on your combined ratio.

The Solution: Digital Claims Adjuster

The omni:us Digital Claims Adjuster delivers the next generation of intelligent claims automation: Out-of-the-box reference claims processes & decision catalogues together with pre-trained AI seamlessly supercharge P&C claim handling in Guidewire ClaimCenter.

Solution Benefits

- FNOL Automation across communication channels
- Utilize out-of-the-box claims workflows to auto-adjudicate your P&C claims
- Intelligent decision automation with combination of Artificial Intelligence and Business rules. Pick from a large decision catalogue to automate with.

Planned Integration Benefits

- Native automation of claims in your ClaimCenter
- Decision Recommendations displayed in Claim Activities
- Straight-Through processing from email submissions to claim settlement
