

Transcard

> Guidewire PartnerConnect Solution Overview

The Insurer Challenge

47% of U.S. insurers make half or more of their payments via check. Antiquated approaches to paying out claims put your insurance company at a disadvantage with more customers looking for improved customer experience.

The Solution

SMART Hub includes a built-in onboarding tool for electronic payments, enables insurers to make and manage all outbound payments from a single place – regardless of the type of payment, the payment rail, or the originating bank account – and puts smart insights at the fingertips of decision-makers.

SMART Disburse provides an intuitive and secure solution for suppliers and claimants to review payment details, provide a digital signature authorizing payment, chose their preferred method of payment, and input any required banking details.

Solution Benefits

- Easily pay claimants in their preferred method
- Drive operational efficiency and improved customer experience
- Provide claimants with instant access to funds

Planned Integration Benefits

- Seamlessly connect payments with Guidewire ClaimCenter
- Enhanced security with leveraging bank-grade security
- Streamlined processes with enhanced visibility

About Transcard

Transcard makes frictionless payments a reality with comprehensive global payment solutions designed for banks, FinTechs, and businesses of any size and in any industry. Transcard delivers solutions for business-to-business (B2B) payments, consumer-to-business (C2B) payments, business-to-business-to-consumer (B2B2C) payments, account-to-account automation, and Banking as a Service (BaaS). Our solutions combine unmatched multi-rail capabilities, embedded workflows, best-in-class integration, effortless reconciliation, and bank-grade security. These are some of the reasons that many fortune 500 businesses and banks trust Transcard with their payments.
