

Simplify Records Organization & Accelerate Records Review and Analysis

My.SmartChron™ Provides Complete Case Chronology

With My.SmartChron, legal and claims professionals can reduce paper handling, simplify records organization and accelerate records analysis with a fully indexed chronology for every file.

My.SmartChron Features:

- ✓ **Automated Case Chronology.** All records are automatically and chronologically organized by date.
 - Newly added records are automatically added to the case chronology.
 - Daily notifications alert users when an updated My.SmartChron is ready for review.
- ✓ **Organized and Usable Records:**
 - Standard cover pages, table of contents and bates stamps
 - Optical Character Recognition (OCR) enabling full text-search
 - Sorting features that filter by record types and locations
 - Search features that pinpoint relevant records
 - Secure access that enables review by claims and legal professionals

With My.SmartChron You Can:

- ✓ Review records from **multiple locations** grouped by record dates, facility names and indexed categories in a streamlined chronology.
- ✓ Quickly and Effectively analyze your records in a **single view**
- ✓ Save cost with a **flat-rate** charge per file

How My.SmartChron Works:

- 1** Once My.SmartChron is enabled, place an order through My.Ontellus
- 2** Locate the order in My Case Manager
- 3** Select the blue “My.SmartChron” button
- 4** Open the downloaded document to view the My.SmartChron

My.SmartChron is an exclusive feature within My.Ontellus, a HIPAA compliant, web-based user portal.
