

Future-forward business  
payment solutions for insurers.  
Total efficiency.  
Effortless integration.

---

# Your fully integrated digital payment solution.

## ECHO® PayPilot®

The industry-leading digital payment solution for B2B, B2C, and multi-party payments for home, auto, and workers' compensation insurers using Guidewire ClaimCenter.

## The complete solution that gives you more.

### INTEGRATION

Empower your team with access to comprehensive digital payment capabilities including real-time updates directly in Guidewire ClaimCenter.

### AUTOMATION

Pay claims faster with a solution built to handle insurance companies' specific use cases and workflows.

### RECONCILIATION

Save valuable time with automated reconciliation, making reconciliation at the group and sub-group level easy and hassle-free.

### FLEXIBILITY

Provide your team with a flexible, secure application tailored to fit your unique needs, use cases and workflows.

### SCALABILITY

Implement a solution designed to scale and grow with your evolving business needs and across lines of business.

Extend the capabilities of ClaimCenter with our Ready for Guidewire accelerators.

# Payments innovation from experts you can count on.

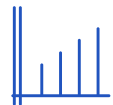

## Flexible solution

ECHO is a comprehensive solution, not a one-size-fits-all approach, tailored to fit your policyholders, service providers, and internal operation's needs.

## Proven innovation

25+ years of expertise providing innovative business payment solutions.

## Network scale

With 1.6M + unique provider and vendor connections, join the largest payment network for faster digital adoption rates and payment processing.

## Tested credibility

Every year, we're trusted to process more than 600M claims and \$140B+ in payments.

## Compliance expertise

We're compliance experts with OFAC screening, HITRUST and AICPA SOC 2 certification, with PCI and NACHA compliance built in.

---

## Better digital experience with more ROI.

Not only does a completely paperless environment generate immediate ROI, but ECHO provides revenue share from our proprietary "all payer network" and the QuicRemit Virtual Card program.
