

Arbitration Forums' subrogation and arbitration platforms help our members negotiate and collect settlements to avoid costly litigation. The AF Subrogation Accelerator for Guidewire ClaimCenter® is the latest in a series of innovative products and services designed to streamline the resolution and recovery process. The accelerator provides straightforward integration with E-Subro Hub®, allowing members to achieve the benefits of data integration without the need for custom programming or building the user interface in ClaimCenter.

Ready for Guidewire Validated Integration

Solution Overview

Challenge

Insurance companies face increasing profit margin and competitive pressures, which drives a strategic imperative for rapid, efficient recovery of all subrogation dollars.

Solution

The Arbitration Forums Subrogation Accelerator for Guidewire ClaimCenter allows members to quickly integrate with AF's market-leading E-Subro Hub platform. From ClaimCenter, subrogation teams can file demands with data directly from their claim system, increasing efficiency and reducing costs by eliminating the need to enter data into another platform. And, as a membership-driven, not-for-profit organization, E-Subro Hub is available to members at no cost.

Benefits

- AF membership includes all of the top-10 property and casualty companies, with 92% market share using E-Subro Hub.
- ClaimCenter data automatically maps in the AF Subrogation Accelerator for Guidewire ClaimCenter® for simplified data integration and no redundant data entry. Users file demands directly from the Guidewire ClaimCenter application, keeping them in their primary application. This reduces the time needed to train new hires and the effort to capture data.
- AF's Accelerator eliminates repetitious manual data entry, increasing data quality and contributing to improved cycle time. That equals faster recovery.
- Activities and history are populated in ClaimCenter, allowing members to manage them within their own defined workflow.

About Partner

Founded in 1943, Arbitration Forums, Inc. is a membership-driven, not-for-profit organization that exists to effectively and efficiently serve its over 5,300 members' recovery and resolution needs. AF is the nation's largest arbitration and subrogation services provider. In 2022, members filed almost 1.1 million arbitration disputes and over 2.3 million subrogation demands collectively worth nearly 25.4 billion in claims.
