Customers

Reduced cycle time from 3 weeks to a few hours by centralizing claims docs, integrated with Guidewire

Automated workflows between legal and claims teams, clients, witnesses, and third party legal partners to make the claims process more efficient

Accelerated the insurance claims process with an application that capture photos, tag with metadata, and categorizes data

Digital imperatives facing organizations

Drive productivity across the business

Enabling hybrid work, building digital experiences, and automating workflows

Simplify IT and optimize spend

Moving to the cloud, integrating tools, and reining in app sprawl to lower costs

Protect your most important data

Overcoming ransomware, cybersecurity threats, and compliance challenges

While accelerating with artificial intelligence

The Content Cloud

A secure, intelligent platform
for the entire content journey

The industry-leading cloud content platform

 Web
 Desktop
 Mobile

1,500+ integrations

    Microsoft Teams

Custom

-  LOB systems
-  Third-party apps
-  Employee apps
-  Customer apps

APIs

Content services

 Files, folders, metadata  Secure sharing  Collaboration  Workflow  E-signature  Search  Analytics  AI

Security and compliance

 Permissions  PII scanning  Classifications  Threat detection  Audit trails  Governance  Encryption  Data residency

Security integrations: Splunk, Okta, Microsoft MIP, Palo Alto Networks, Mobile Iron, VMWare

Scalable, cloud-native global infrastructure

One platform for insurance

Claims

Reduce cycle times by centralizing client and agent data in one place

Underwriting

Enable seamless client experiences with multiparty collaboration

Legal

Build a compliant retention strategy for highly confidential content

Marketing

Launch marketing campaigns faster with seamless collaboration

Accelerate recruiting and new hire onboarding, while ensuring employee records remain secure

Sales

Simplify client interactions with easy access to sales and marketing materials

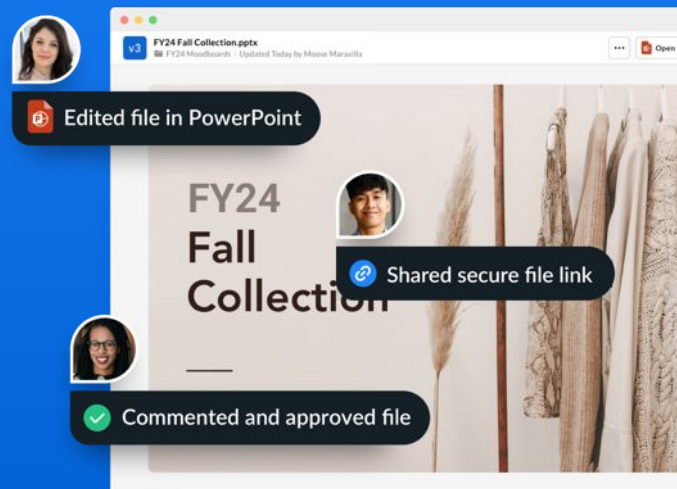

Protect your content

Frictionless security
and compliance

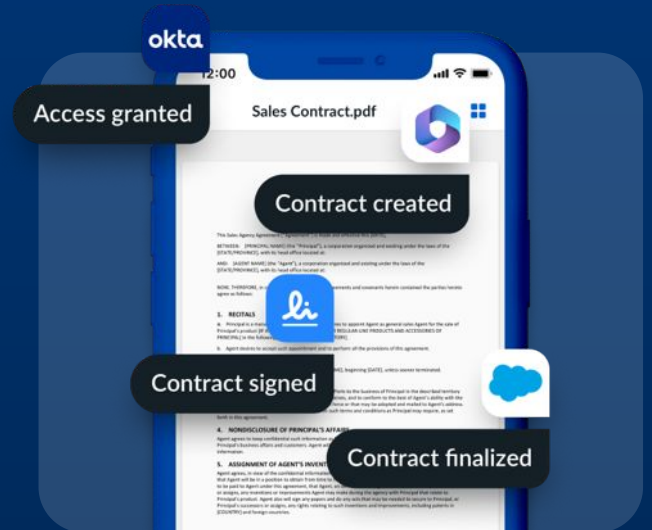

Drive productivity

Seamless collaboration
and workflow

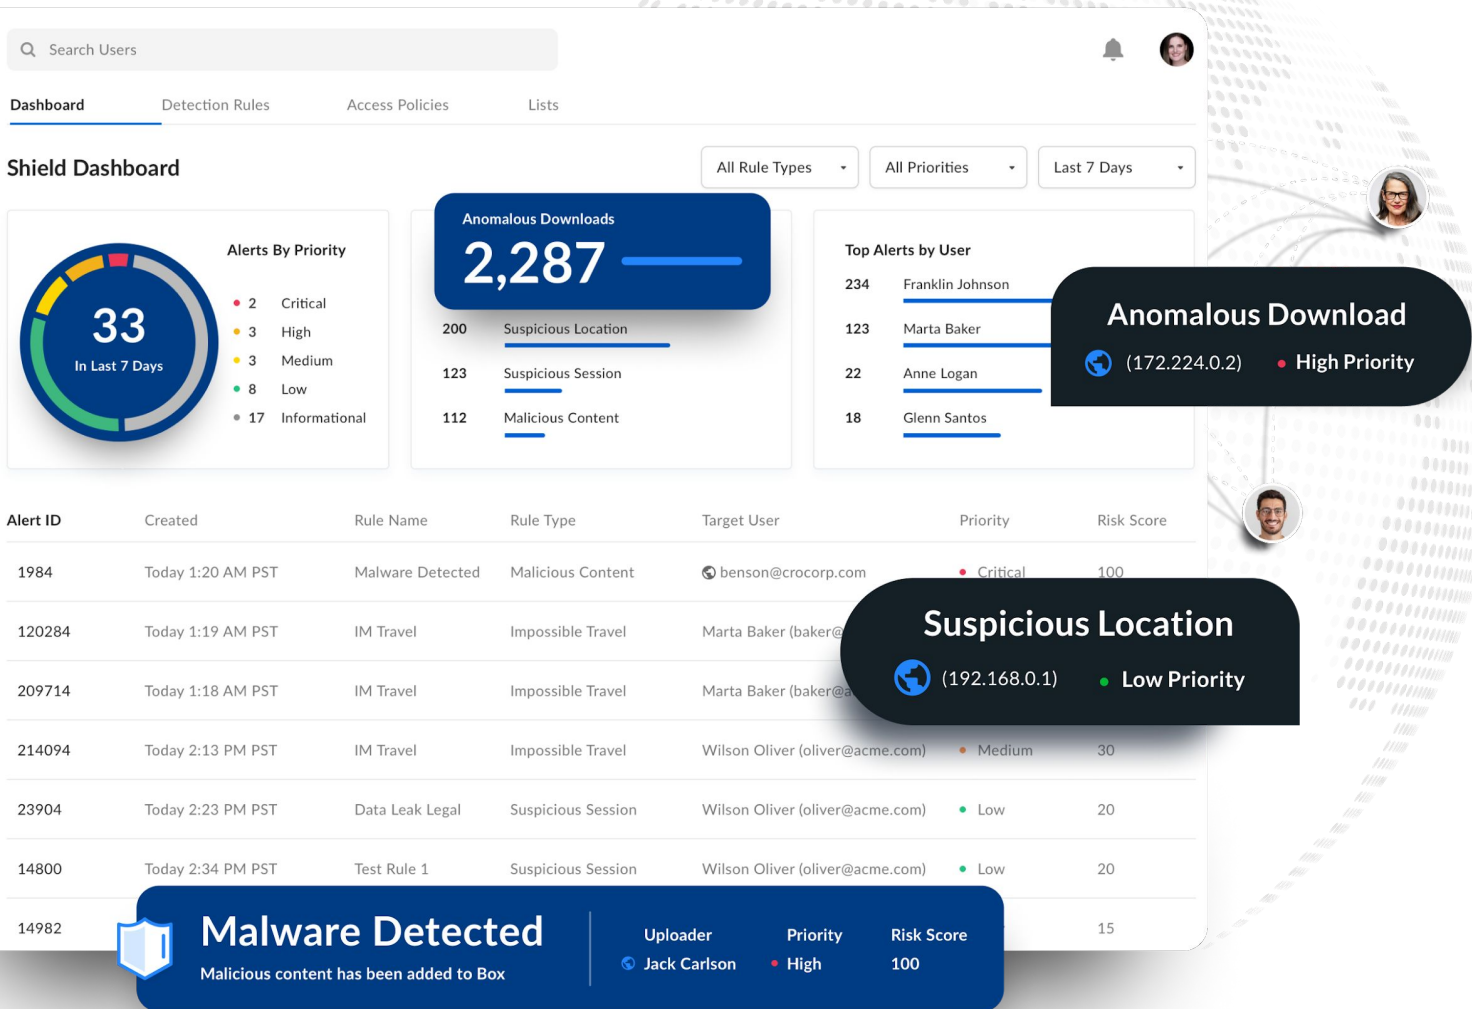

Simplify your IT stack

Single content layer across all
your apps

Enhanced by AI

Protect your content

Frictionless security and compliance

Secure against threats

- Identify sensitive content **ENHANCED**
- Prevent data leakage **ENHANCED**
- Detect malware and data theft **ENHANCED**
- Respond and recover from attacks

Maintain a zero-trust architecture

- Encrypt content (in-transit / at rest)
- Identify and maintain user access **ENHANCED**
- Ensure device security **ENHANCED**
- External collaboration permissions
- Admin visibility, controls, and insights **ENHANCED**

Reduce risk and ensure compliance

- Flexible retention schedules **NEW**
- Preserve content with legal holds **ENHANCED**
- Manage disposition with trash controls
- In-region content storage
- Compliance certifications **ENHANCED**

The image displays a collaboration workspace with several key elements:

- Network Diagram:** A central node 'Janne Monika' is connected to 'Ace Ivan', 'Anahit Sullivan', and 'TBH'. 'Anahit Sullivan' is further connected to 'Hall Harlee', 'Hisako Thijs', and 'Jamie Lennart'. Other nodes include 'Dan Samar', 'Tamara Imran', and 'Wynne Gerolt'.
- Chat Window:** A message from 'Sherill Dagmar' (Today at 5:20 PM) reads: "Great. Next we will schedule panel presentations for all the candidates." A comment from 'Anahit Sullivan' (Yesterday at 2:20 PM) says: "Confirming interviews for the VP position have started".
- Mobile App:** A smartphone screen shows the 'box SIGN' app interface. It displays a document with the text: "The foregoing terms and conditions in this offer letter are hereby accepted: Signed: [Signature]". A 'Signature' pop-up window shows a handwritten signature 'Santiago Renee' with 'Draw', 'Type', and 'Upload' options. A 'Task completed' notification is visible on the phone screen.
- UI Elements:** A 'Secure link shared' notification, a 'Workflow initiated' notification, and an 'e-Signature received' notification are overlaid on the workspace.

Drive productivity

Seamless collaboration and workflow

Access from anywhere

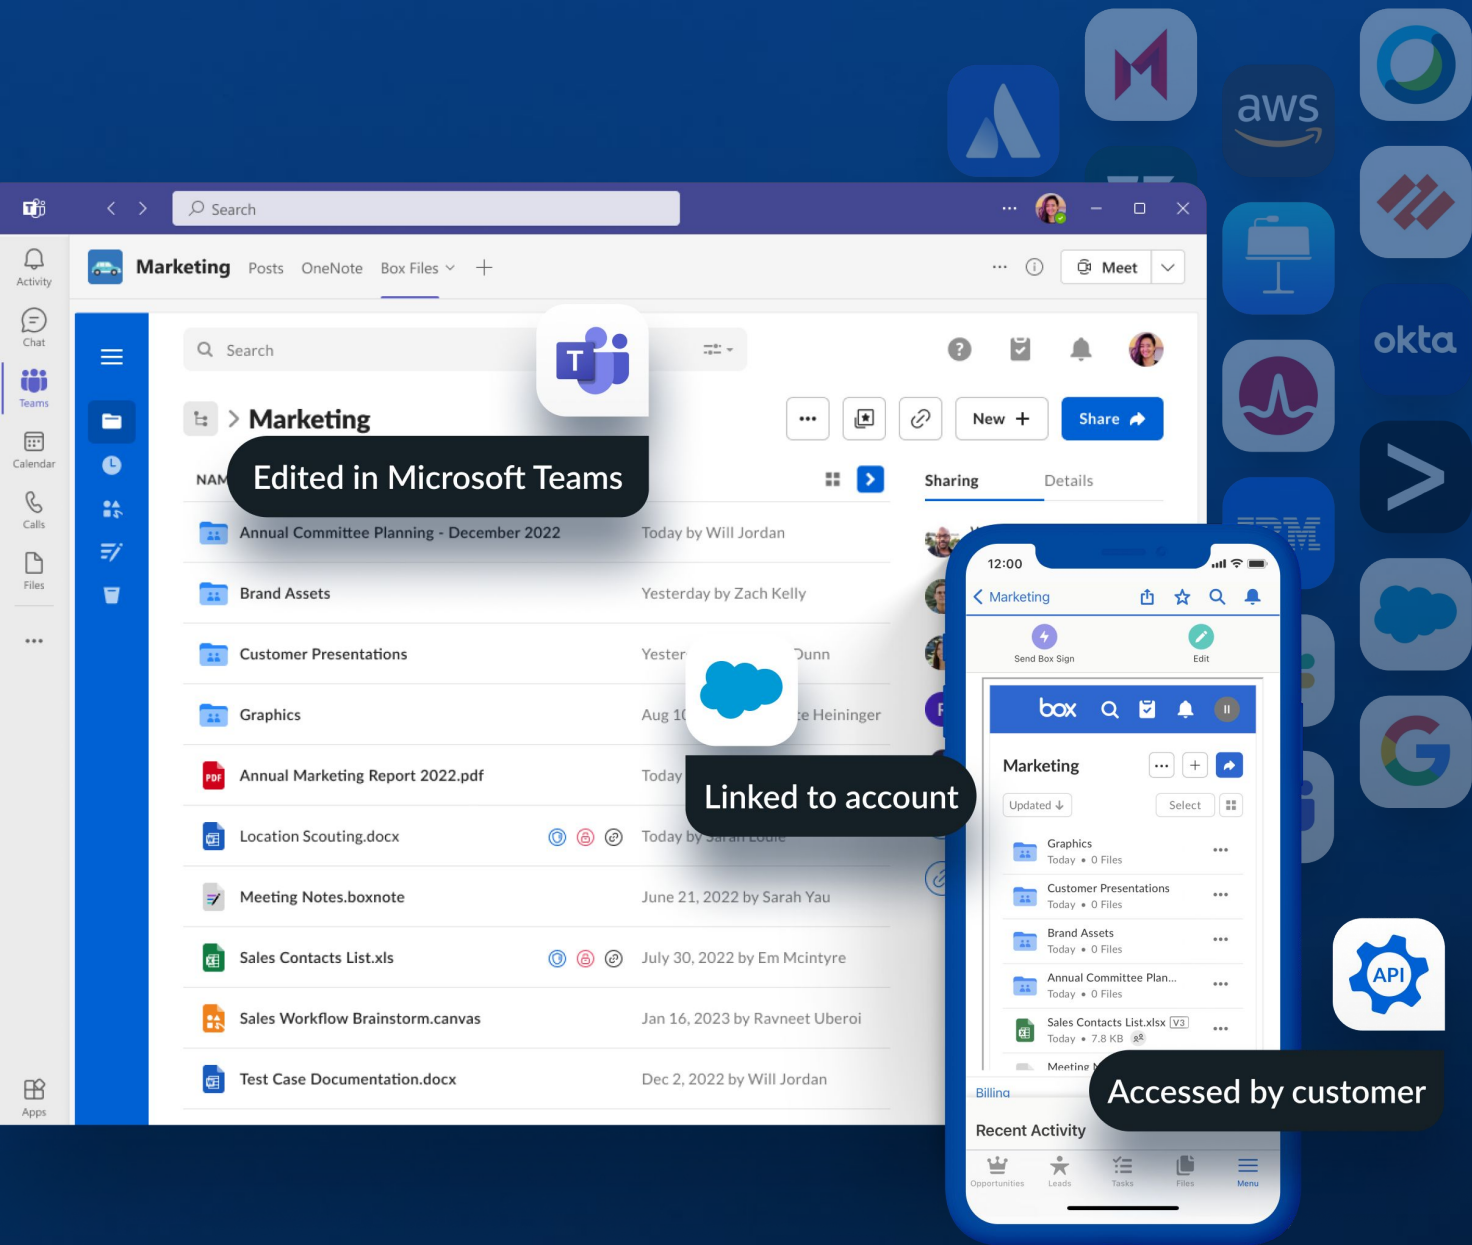

- Files, folders, metadata
- Search / preview (140+ file types) ENHANCED
- Any device (web, desktop, mobile)

Create and collaborate

- Internal and external collaborations
