for Insurance**

Payments Designed for Today's Insurers

Paymentus helps improve performance and reduce insurers' cost to serve by delivering a true single platform, purpose-built for inbound and outbound insurance payments—creating a seamless, modern experience that drives policyholder satisfaction and on-time payments.

Binder to Recurring Premium Payments Acceptance

Offer ACH, credit/debit, PayPal, Venmo, Apple Pay, and Google Pay digital wallets, convenient in-store cash payments, and more.

Expanded Payment & Digital Disbursement Channels

Accept and disburse funds through a variety of channels that include web, mobile, live agents, call center solutions, interactive voice response (IVR), in-person at retail stores, and digital.

Exclusive Features & Support

Gain a host of patented offerings that include Secure Service® IVR, SMS and email, BillWallet®, as well as AI-powered Chatbot, retail/cash payments available in Walmart, CVS, Dollar General, and more. All with complimentary marketing support to increase digital adoption.

Streamlined Reporting & Reconciliation

Access comprehensive analytics, track digital adoption and policyholder behavior, and view all payment activity in real time from a single interface that is standard within the Paymentus platform.

Proven Cost Savings Expertise

Achieve cost savings by leveraging Paymentus' experience migrating clients to user fee models and addressing card brand and regulatory complexities, while increasing electronic adoption.

Integration Experience & Proven Partnership

Leverage extensive experience in successful Guidewire InsuranceSuite integrations and utilize Ready for Guidewire Validated Accelerators to deliver enhanced customer satisfaction, higher policy renewal rates, and the ability to efficiently collect payments and streamline payouts.
