Bureau Content Solution Overview

Challenge

Managing bureau content, such as ISO forms, presents major speed-to-market challenges for insurance companies. Keeping track of frequent updates, implementing revisions, and ensuring compliance often takes months of manual work from IT and business teams. These issues can hinder an insurer's ability to respond quickly to market demands and remain competitive.

Solution

GhostDraft's Bureau Content solution delivers ISO and AAIS content libraries of pre-configured, ready-to-use forms for more than 10 lines of business, available in your GhostDraft for Guidewire environment. GhostDraft provides automated circular monitoring and continuous maintenance that gives insurers access to new or updated bureau forms 60 days before the effective date.

Simple data mapping and workflows enables you to generate and package ISO or AAIS forms in your Guidewire instance. Leveraging GhostDraft's Bureau Content for Guidewire, insurers quickly launch new or modified products, boost operational efficiency, and ensure compliance. This empowers teams to stay ahead in a competitive market while meeting ever-evolving customer needs.

Benefits

- Enjoy 24/7 access all the pre-built ISO and AAIS forms and content you need, directly in your GhostDraft for Guidewire environment
- Get new or updated products to market faster
- Gain real-time ISO/AAIS updates with continuous circular monitoring
- Stay 60 days ahead of effective dates at all times
